Dear Parent/Guardian

GCSE Science Lab Books

As part of the science curriculum your son/daughter has to complete essential practical work. This work will be examined and will count towards their final GCSE grade.

All Year 9 pupils are required to purchase a Combined Science lab book at a cost of £2.50. This book is used for assessed practical work in Years 9-11 and covers all three sciences. Any late joiners in Year 10 or Year 11 who have not yet purchased a lab book must do so now.

Any Year 10 pupils who have elected to study Triple Science must purchase three lab books (one each of biology, chemistry and physics) at a cost of £1.00 each. These will cover all assessed practical work done in Triple Science.

To receive copies of these books, please complete the slip below and return it with your payment to Reception.

Yours sincerely

David Forster
