These are the textbooks that we will be using in lessons. Whilst it is not necessary for students to purchase all titles, we have put a list together because a number of parents and students have asked for this information.

Please note, some of these publications can be purchased at reduced rates from vendors such as Amazon.

Whilst these textbooks are a useful starting point, to access the top grades it is essential that students are reading widely around all of the topics. We advise at least 3 hours reading time per week. We have provided all students with more detailed reading lists.

More details about the OCR History GCE, including practice exam papers can be found on the OCR site: <http://bit.ly/2ePcWHK>

Finally, there are also many revision resources online for students to use. Memrise.com, shmoop.com (for the American topic) and GetRevising.com are some of the best.

Please contact Mr Sturdee should you have any questions: sturdeea@sta.cc
