27 September 2019

Dear Parent/Guardian

GCSE Triple Science Lab Books

As part of the GCSE Science curriculum your son/daughter has to complete essential practical work for their practical endorsement. This work will be examined and will count towards their final GCSE grade. We have obtained lab books which will support pupils in acquiring the key skills needed for both the examinations and the practical endorsement.

All Year 10 pupils who have elected to study Triple Science must purchase three lab books (one each of biology, chemistry and physics) at a cost of £1.00 each. These will cover all extra assessed practicals within the Triple Science syllabus.

Please arrange for payment to be made using our preferred payment method of ParentMail. Alternatively, payment can be made by cash or cheque by completing the slip below and sending it with your payment to the Finance Office by Friday 4 October.

Yours sincerely

David Forster
