Dear Parent/Guardian

GCSE Science Lab Books

As part of the GCSE Science curriculum your son/daughter has to complete essential practical work for their practical endorsement. This work will be examined and will count towards their final GCSE grade. We have obtained lab books which will support pupils in acquiring the key skills needed for both the examinations and the practical endorsement.

All Year 9 pupils are required to purchase a Combined Science lab book at a cost of £2.50. This book is used for assessed practical work in Years 9-11 and covers all three sciences.

Please arrange for payment to be made using our preferred payment method of ParentMail. Alternatively, payment can be made by cash or cheque by completing the slip below and sending it with your payment to the Finance Office by Friday 4 October.

Yours sincerely

David Forster
